INVITATION

Launching conference

eBio-hub

eBio-hub: RESEARCH CENTRE IN BIOMEDICAL ENGINEERING

January 19th, 2023, Senate Hall of UPB, 12:00

We have the great pleasure of inviting you to the Launch conference of the **eBio-hub** project "**eBio-hub: Chair of Research Center in Biomedical Engineering**" held by the University Politehnica of Bucharest, within the action HORIZON WIDEERA -2022-TALENTS-01-01.

The main objective of eBio-hub is to establish a **National Center of Excellence in Bioengineering within the Politehnica University of Bucharest**. eBio-hub will become an interdisciplinary research center operating at the interface between chemistry, biology, IT, micro and nanotechnology and medicine, and is designed to develop micro, nano and bio-integrated solutions to address major global challenges in the biomedical field.

Through coordination and implementation activities (establishing an interdisciplinary Doctoral Program in Bioengineering, strengthening the mobility of researchers and the flow of knowledge, promoting gender equality and diversity in science, etc.) eBio-hub will be an example of good practices at the international level.

The eBio-hub project will be implemented within the period 2023-2027 and is financed by the European Union, based on the agreement signed with the European Executive Agency for Research (REA) under the powers delegated by the European Commission, and the related total value is 2500000 EUR.

Sincerely,

Rector,

Mihnea Costoiu

Project Director,

Horia Iovu

ERA Chair,

Ciprian Iliescu
